dr chipper 18 hp, Nov 18, 2004 · In regards to the DR Lawn and Leaf Vac. I purchased one at the beginning of October and like it very much when it is not broken. Already the tube that exits the mulcher has a hole in it from something hard hitting it and the flange that the intake hose attaches to on the side of the mulcher pretty much broke in half and all I am doing is the normal leaf clean up.

The Sōryū-class submarines (16SS) are diesel-electric attack submarines. The first boat in the class entered service with the Japan Maritime Self-Defense Force in 2009. The design is an evolution of the Oyashio-class submarine, from which it can most easily be distinguished by its X-shaped stern combination diving planes and rudders. The Sōryūs have the largest displacement of any submarine ...
