Reset Engine Im Lizer System In Lexus 250

If the anti-theft system has locked up your engine, you won't be able to start it. You'll have to disable it with these steps. Step 1: Check for the anti-theft light. It's located on your dash and will have a blue or red light. Step 2: Turn the ignition to the "on" position. Insert the key into the ignition and turn it to the on position, which activates your accessories but not the engine.

How to Shut Off the Anti-Theft Device in Your Car ...

If nothing happens or the engine starts and dies, the security light will be flashing. Leave the key in the On position and wait ten minutes. The flashing light should go off or illuminate without flashing. When it does, turn the ignition off, wait twenty seconds, and then try to start the engine. If it starts and runs, everything is okay.
