KTM Super Twins Forum. amaunu wrote:I have noticed this sound also and I think, I( might be wrong,,) that it is not drive chain noise. it is very difficult to make difference but this clattering noise comes much forward.And old lc8 did not have this. My wild guess is that this noise comes from loose cam chain.

### Knocking/clacking engine sound ... - KTM Super Twins Forum

The KTM 1190 RC8 was a sport bike made by KTM. The first generation 2008 model had a 1,148 cc (70.1 cu in) V-twin engine and was the Austrian manufacturer's first-ever Superbike design. The RC8 model was supplemented with RC8 R models one year later in 2009 and the RC8 designation had its last year of production in 2010.

### KTM 1190 RC8 - Wikipedia

The Engine Is Completely Revised KTM left nothing untouched on the 1090 Adventure R's LC8 V-Twin motor, fitting it with its own unique crankshaft, cylinder heads, pistons, rods, balancing shaft and flywheel. While it may have the same displacement as the European-only 1050 Adventure (now discontinued), the internals are completely different.
