Population Development And Political Process

Lawmakers can track trends and gain valuable insight from the census. By Edward P. Smith. Aging baby boomers heading for retirement, a growing Latino population, swelling ranks of the poor, and a steady flight to cities and suburbs from rural areas all are trends evident from the 2010 census that will have political and policy implications for state lawmakers.

Policy, Politics and Population

Credit: Finance & Development. International Monetary Fund (IMF) WASHINGTON DC, Mar 17 2020 (IPS) - "Demography is destiny" is an oft-cited phrase that suggests the size, growth, and structure of a nation's population determines its long-term social, economic, and political fabric. The phrase highlights the role of demographics in shaping many complex challenges and opportunities societies face, including several pertinent to economic growth and development.
