Production Budget | Format | Example | Formula

A budget is usually more effective if the lower-level managers have input into the budget process. Through this process of participatory budgeting, the manager obtains "ownership" in the budget and is more likely to achieve budgetary success. Managers frequently play games with budgets and build in budgetary slack. This is the practice of

Chapter 6: THE MASTER BUDGET

Changing approaches to an old problem are not merely of academic interest. All of the approaches to the basic budgeting problem - whether normative or positivist in intent - have influenced the design of budget institutions, procedures and analytical methods. Changes in budget practice have,
