The American Plague Untold Story

Compelling and terrifying, The American Plague depicts the story of yellow fever and its reign in this country—and in Africa, where even today it strikes thousands every year. With “arresting tales of heroism,” (Publishers Weekly) it is a story as much about the nature of human beings as it is about the nature of disease.

The American Plague: The Untold Story of Yellow Fever, The ...

The American Plague is divided into three parts: (1) yellow fever's 1878 appearance in Memphis, TN, (2) a short biography of Walter Reed, and (3) other random yellow fever-related vignettes. The book is subtitled "the untold story of yellow fever, the epidemic that shaped our history," but it's unclear why other diseases (smallpox, polio, or even malaria) are not the epidemic that shaped our history.

About The American Plague. In this account, a journalist traces the course of the infectious disease known as yellow fever, “vividly [evoking] the Faulkner-meets-Dawn of the Dead horrors” (The New York Times Book Review) of this killer virus. Over the course of history, yellow fever has paralyzed governments, halted commerce, quarantined cities, moved the U.S. capital, and altered the outcome of wars.
